The screenshot shows a listing for a "Wedding Planner". The listing includes a green and brown geometric background image, a heart icon with 0 likes, a message icon with 0 messages, and a share icon. The name "asdasdas" is listed below the image. Below the name are location details: "AAA Cinemas, Satyam Theatr...", a date range from "5-9-25" to "5-9-26", a price of "€324", and a rating of "0(0)". A "Learn More →" button is at the bottom.

Team, in this section only planner-type listings should appear, such as wedding planner, party planner—specifically these:

- Corporate event planner
- Event planner
- Luxury event planner
- Organizzatori di eventi
- Party planner

It's a section dedicated only to them. Naturally, since it's on the homepage, only those sponsored with the Exclusive pack should appear.

Planning is crucial — is there no room for more accommodations for your guests? Did you block out hotel rooms? Use Airbnb? Arrange shuttles? How far in advance did you book? Any tips or things you wish you'd done differently?
We're trying to make the experience smooth for our guests but don't want to overcomplicate things either. Would really appreciate your insights!

Team, in this section I already explained what should go here: business listings, not events as you've put. The business listings that have planning in the category name — I also specified which ones.

I remind you that listings must be sponsored in order to appear on the homepage, including in this section.
